Innovatieve Coatings

## Samen voor sterk innoveren

### Workshop Fire Retardant coatings

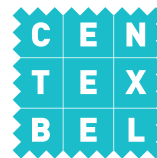

Startup of technical workgroup 'Fire Retardant coatings'

The IBN Cluster 'Innovatieve coatings' kindly invites you to the workshop on 'fire retardant coatings'.

The IBN cluster 'Innovatieve coatings' addresses companies from different coating sectors (textiles, paints, coating of metal, wood, plastics) and unites them to learn from each other's products and technologies.

Date: 19 February, 2019 - 13:30

Venue: Centexbel - Technologiepark 70 - 9052 Zwijnaarde

### Programme

13.30 Welcome

14.00 Workshop

**Welcome and introduction 'Cluster Innovatieve Coatings' and startup workgroup 'fire retardant coatings'**

**Flame retardants in the textile industry - Ine De Vilder (Centexbel)**

*The presentation will give an overview of the use of flame retardants in textile in the past and present with glimpses of the future. We will attempt to answer the following questions: Which products are used? How do they work? What are the concerns? What is the focus of research?*

**Fire-resistant solutions for steel, concrete and wood - Kris Vercamer (Aalterpaints)**

*The paints of Aalterpaint for steel, concrete, and wood ensure the highest level of protection for your materials. The paint is intumescent, preventing fire from affecting the stability of the structure. New generation of intumescent coatings for steel protection.*

**Burning behaviour & testing of textiles for interior & transport - Mike De Vrieze (Centexbel)**

*Overview of frequently applied fire standards for interior and transportation textiles*

15:00 2 minutes pitching

*All participants have the opportunity to present their company in function of the workshop*

15:45 Startup technical workgroup 'Fire retardant coatings' - Centexbel

*The goal of this workgroup is to define the needs future projects.*

16:30 Visit of the Centexbel burning behaviour lab & Network drink

Members of the Innovatieve Coatings cluster register free of charge. The event is also accessible to non-members against a participation fee of 150 euro.

If you would like to participate, please register at <https://www.centexbel.be/nl/agenda/workshop-fire-retardant-coatings>
